SCGA ONE-DAY SERIES

Who is eligible for a One-Day Series tournament?

The One-Day Series tournaments are open to all SCGA members (men and women) of all skill levels with a current Handicap Index issued by a certified SCGA Golf Club as of the date of entries closing. These tournaments give SCGA members the chance to compete in different formats such as Individual Net, Four-Ball Net & 2-Person Scramble. All individual net tournaments are flighted based on playing ability to encourage both new tournament players and seasoned. All participants will receive points based on their Net finishes in each event.

What tournament formats are offered in the One-Day Series?

- **Individual Net** - 18-hole Individual Net/Gross. Players will compete at 100% of their Course Handicap.
- **Four-Ball Net** - 18 holes of Four-Ball Net/Gross stroke play (two-person better ball). Each player receives 90% (men) and 95% (women) of their course handicap. If partners' course handicaps differ by more than 8 strokes, an additional 10% reduction will be applied to their course handicaps (this is the USGA recommendation). If a player's lowest Handicap Index is above 18.4, he or she will play down to 18.4.
- **2-Person Scramble** - 18-holes, 2-Person Scramble Net & Gross. After each shot, the better of the two players' shots is selected and both players will play from that spot, until the ball is holed. Each player is required to use six drives. One team score is recorded for each hole. Player A (lower handicapped player) will receive 35% of their Course Handicap. Player B (higher handicapped player) will receive 15% of their Course Handicap. Each player's Course Handicap will be rounded to a whole number. Team Handicaps are based on the combined Course Handicaps.

Can I make pairings requests?

All pairings requests must be requested during the registration process. Pairings requests will be granted to the best of our ability.

How many flights are in a tournament?

Does the SCGA monitor handicaps?

As part of an ongoing effort to make SCGA net competitions, including the One-Day Series, as enjoyable as possible for all participants, the SCGA Rules and Competitions Committee reviews all scores posted during SCGA net competitions. The purpose of the USGA Handicap System is to make the game more enjoyable by enabling players of differing abilities to compete on an equitable basis. A player's Handicap Index (H.I.) is a mark used to measure potential scoring ability.

The SCGA reserves the right to adjust a player's handicap prior to or during any net competition. All players who receive an adjustment prior to or during any net competition will be notified via email.
