1. CLUB ELIGIBILITY

Each club submitting an entry application must maintain at least one 18-hole (5,000 yards or more in length) golf course. Each club must have a certified Handicap Chair. Certification can be obtained by completing a SCGA Handicap Certification Class. Additionally, all clubs must be in compliance with the USGA License Agreement. Without a certified Handicap Chair and updated license, your club will not be eligible to participate in 2019 SCGA Scratch League.

2. DEFINITION OF TEAM

In 2019, participating groups will have the option of determining how many professionals and how many amateurs will compete. This designation will be in place throughout the entirety of group play. Upon reaching the postseason, clubs will be required to play with 1 professional and 6 amateurs. A permanent roster is not required for each team. There is no limit as to the number of players who may be used during the season.

Definition of an eligible Professional: A member of the club’s staff, including its teaching staff, who is not an amateur.

Definition of an eligible Amateur: An amateur golfer that is listed on the club’s active GHIN roster at the time of the club’s first competition.

3. PLAYER ELIGIBILITY

A. Amateur players must be in good standing with the SCGA and have a current Handicap Index issued through the club they represent.

B. All players must be listed on the club’s active GHIN roster for the team that he/she wishes to compete for at the time of the club’s first competition.

C. Players may represent multiple clubs during the regular season of SCGA Scratch League, provided each team they represent is in a different group. If both teams reach the playoffs, the player will only be eligible to compete for one team.

D. Players must be 21 years of age or older as of the date of the competition they participate in.

Penalty for playing an ineligible player: The ineligible player will receive the least points possible on each hole, thus receiving the least points possible toward the team’s total.
It is the responsibility of the captains involved to ensure that lineups are in accordance with SCGA Scratch League eligibility criteria. When it becomes suspected or known that an ineligible player may have participated, it is the responsibility of the opposing teams to request a ruling.

- If a player is determined to be ineligible and it is discovered before the result of a competition is final, the ineligible player will receive the least points possible on each hole, thus receiving the least points possible toward the team’s total.

- If a player is determined to be ineligible and it is discovered after the result of a competition is final, the result of the competition will stand, provided the ineligible player was not played purposefully. If a team knowingly plays an ineligible player, the ineligible player will receive the least points possible on each hole, thus receiving the least points possible toward the team’s total. There is no time limit on enforcing this penalty.

**Penalty for an absent player:** The absent player will receive the least points possible on each hole from which he/she is absent. The same principle applies for a player that is absent for all 18-holes; the player receives the least points possible toward the team’s total.

4. **FORMAT**

Teams are paired into groups of three, four or five depending on the number of entries received. The teams within the group will play one competition at each of the courses within the group. All play is without handicaps except for determining the pairing order from low to high current Handicap Index. Club professionals will play against each other.

**Penalty for playing a player in the wrong sequence:** The player played in the wrong sequence will receive the least points possible on each hole, thus receiving the least points possible toward the team’s total.

It is the responsibility of the captains involved to ensure that lineups are in correct handicap order. When it becomes suspected or known that an incorrect order may have been used, it is the responsibility of the opposing teams to request a ruling.

- If a player is determined to have played in an incorrect order and it is discovered before the result of a competition is final, the incorrectly ordered player will receive the least points possible on each hole, thus receiving the least points possible toward the team’s total.

- If a player is determined to have played in an incorrect order and it is discovered after the result of a competition is final, the result of the competition will stand, provided the incorrect order was not used purposefully. If a team knowingly uses an incorrect order, the incorrectly ordered player will receive the least points possible on each hole, thus receiving the least points possible toward the team’s total. There is no time limit on enforcing this penalty.

**GROUPS OF FIVE:** The format of each competition for the groups of five is a 25-point game within each pairing group of five players. The possible combinations for points scored on each hole are:

If still tied, all players will continue on to an additional sudden-death playoff hole(s).
