1. CAPTAIN INVITATION

Captains will be invited by SCGA staff. There are two possible scenarios that Captains will experience:

1. If you've established a profile previously in USGA TM using a specific email address, you will receive an email stating that you have been invited as a Team Captain and will sign in with your email address and password you've created previously.

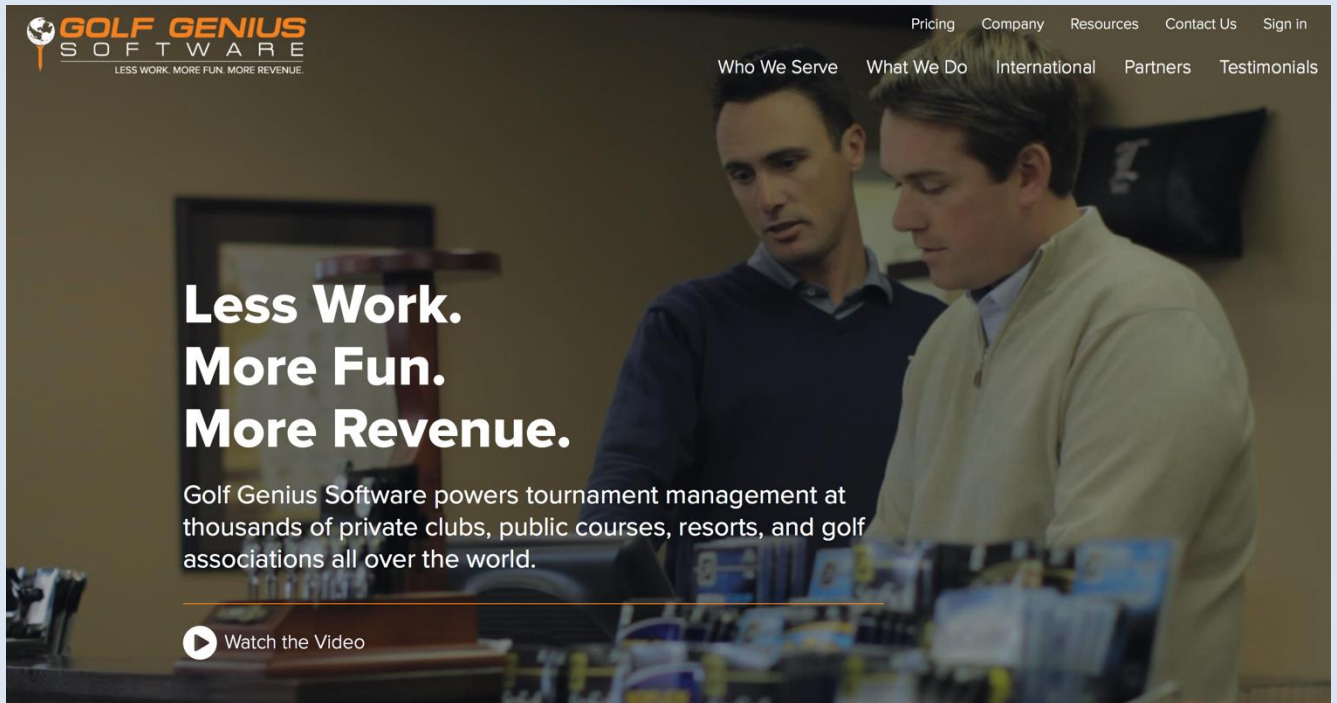

2. If you have not established a profile in USGA TM previously, you will receive an email invitation with a temporary four digit password. Clicking on the link provided in the email will take you directly to a screen to create a permanent password.

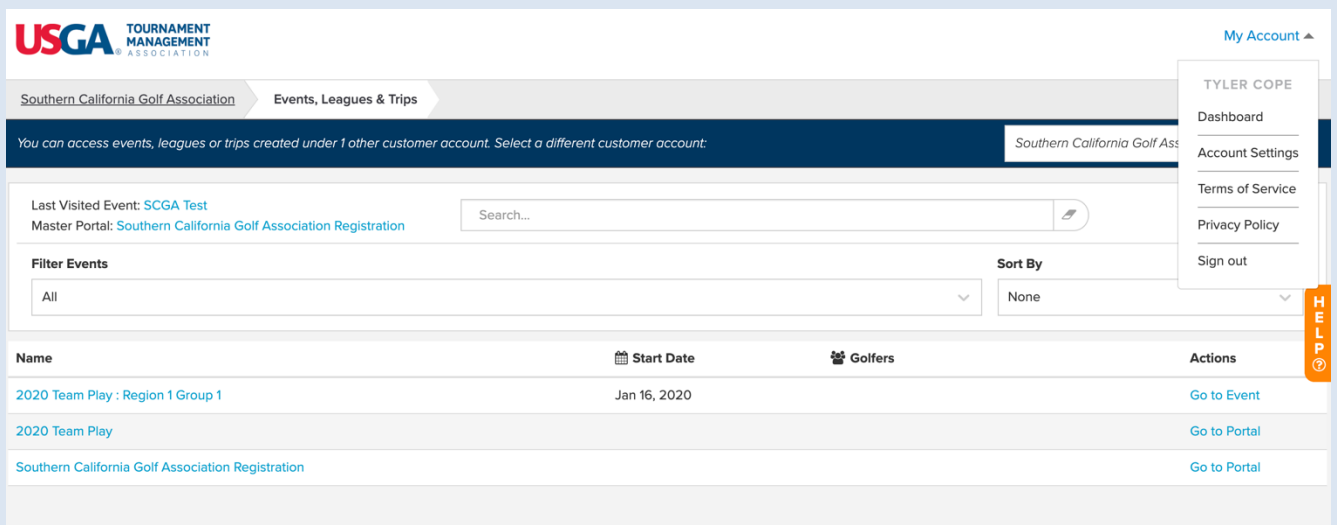

2. LOGGING IN

Captains have the ability to login to your USGA™ dashboard from any computer. A link appears on scga.org/tournaments/womens-team-play or your dashboard may be accessed directly at <http://www.golfgenius.com/>

Below is the screen where you will login.

If you need to change your password at any time, passwords can be changed by logging in with your email address and password. Once logged in, click on “My Account and Account Settings”

Under the Profile Tab, you'll be given the option to change your password here.

Note: If you need to change your email address, you will need to contact the SCGA staff.

3. DASHBOARD

Once you have signed in, you will be taken to your Dashboard. This Dashboard page shows any leagues and/or events you are “registered” to view the portal (website) for in USGA TM.

A very important aspect of the Dashboard for Captains is to make sure you have selected “All” under Filter Events. Without selecting “All”, it is possible you will not see the links for the Women’s Team Play Portal or the Manager Site for your Group. Also, make sure the SCGA account has been selected in the Blue bar if you see a Drop Down.

The screenshot shows the USGA Tournament Management Association dashboard. At the top left is the USGA logo and 'TOURNAMENT MANAGEMENT ASSOCIATION'. At the top right is 'My Account' with a dropdown arrow. Below the logo is a navigation bar with 'Southern California Golf Association' and 'Events, Leagues & Trips'. A dark blue bar contains the text 'You can access events, leagues or trips created under 1 other customer account. Select a different customer account:' followed by a dropdown menu showing 'Southern California Golf Association'. Below this is a search bar with 'Last Visited Event: SCGA Test' and 'Master Portal: Southern California Golf Association Registration'. The 'Filter Events' section has a dropdown set to 'All' and a 'Sort By' dropdown set to 'None'. A table lists events with columns for Name, Start Date, Golfers, and Actions. The first row is '2020 Team Play : Region 1 Group 1' with a start date of 'Jan 16, 2020' and a 'Go to Event' action. The second row is '2020 Team Play' with a 'Go to Portal' action. The third row is 'Southern California Golf Association Registration' with a 'Go to Portal' action. A vertical 'HELP' button is on the right side of the table.

4. CAPTAIN NAVIGATION

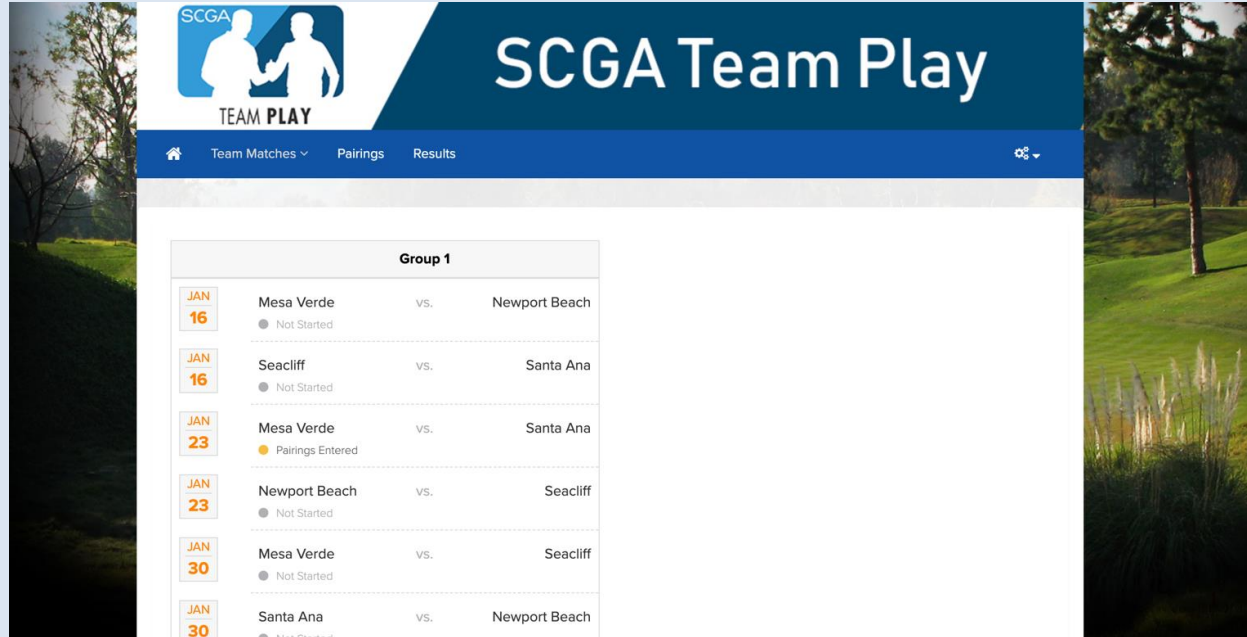

Captains will be responsible for creating/adding players to their teams, setting of weekly lineups, entering hole by hole scores, and posting scores to GHIN.

In SCGA Women’s Team Play, Captains will have access to two different areas in USGA TM, the first is the Women’s Team Play Portal and the second area is the Manager Site. In 2020, all Captains actions will be done from the Manager Site only.

You will be responsible for adding players from your club to your team on the Manager Site. Players on the club roster who meet eligibility requirements will be available to be added to your team. There is no limit as to the number of players that can be added to your team. It is recommended that you add all players who might compete in a match to your team at the beginning of the season.

Step 1: To add golfers to your team, navigate from your Dashboard to the Manager Site (Ex. 2020 SCGA Team Play: Region 1 Group 1)

The screenshot shows the USGA Tournament Management Association interface. The top navigation bar includes the USGA logo and 'My Account'. A red arrow points from the 'TEAM CAPTAIN MENU' to the 'Event Dashboard' tab.

Step 3: After clicking Edit Match Play Pairings, Click on your Team

Step 4: After clicking on your Team, use the Add New Player button to begin searching for players to add to your team.

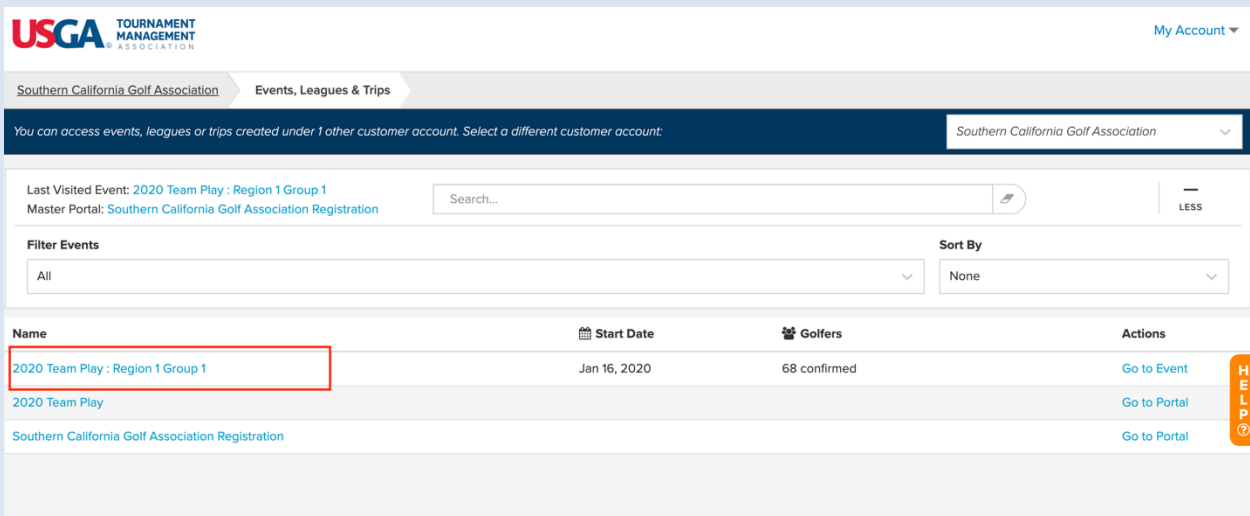

You may search by Last Name and First Name or search by GHIN Number. We recommend searching by Last Name and only enter two characters e.g. An or Lo. If you cannot find a player, try searching by GHIN number.

6. CREATING THE WEEKLY LINEUP

Next, you'll need to set your weekly lineups for the upcoming matches. This will be done by going to the Manager Site and Edit Match Play Pairings Page. The same area where you were in before when creating your Teams.

The first two columns are empty, while the last two columns contain player names and their handicap indexes, sorted from lowest to highest. The players listed are: (+5.7) James Morris, (2.0) Donald Todd, (2.1) Michael Moore, (4.2) Edward Antonini, (7.5) David Angulo, (8.2) Jim Morris, (8.0) Jonathan Antin, (13.6) Kent Mouton, (15.3) Tim Noone, (16.3) Gary Townsend, (18.0) Kp Anderson, (18.0) Tony Angellotti, (18.9) Hassan Mohaghr, (20.6) Dennis Morriso, (22.7) Carl Noecker, and (31.1) Sandy Anzures. 8. Chris Thomas	Mark Law	Joe Salvo	David Lamb	11:00 AM 12	Mesa Verde Country Club - I - TH TP

If the hole ordering is not consecutive, it is strongly suggested to leave in that order.

The hole ordering will have no effect on scoring. The important aspect of this is that the correct starting hole is assigned. You can enter scores for players in any order e.g. start entering scores on hole #1 or the assigned shotgun hole. Either way, the software will correctly score the match from the assigned starting hole.

Last Minute Alternates

It is advisable for shotgun starts with last minute substitutions, that the Captain first make changes to the Pairings using the Edit Match Play Pairings link.

8. CHANGING A ROUND DATE

Before changing a round date in the Manager Site, Captains must confirm this is permissible with the SCGA as well as the opposing team.

Step 1: From your Dashboard, select the Manager Site link (Ex. 2020 Team Play: Region 1 Group 1)

The screenshot shows the USGA Tournament Management Association dashboard. The user is logged in as 'Southern California Golf Association'. The main navigation bar includes 'Events, Leagues & Trips'. X SCORES:

When entering player hole by hole scores, if a player has picked up and did not finish the hole, enter an X Score for the player. By entering an X score, we will post a player's Net Double Bogey for that hole.

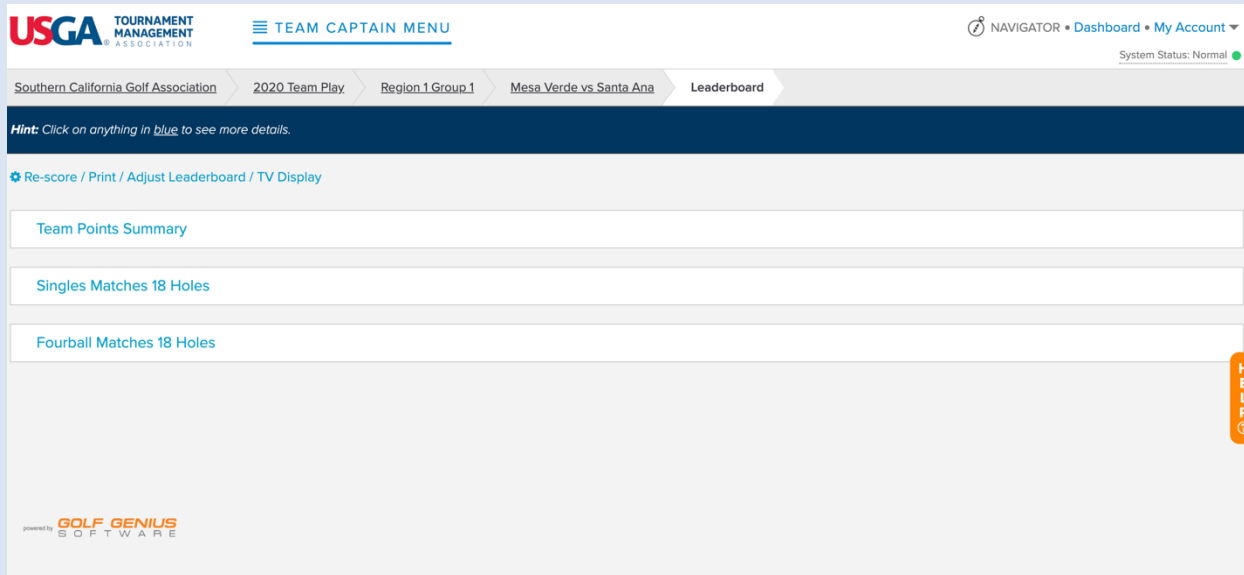

If the player picked up but we need to record a “most likely” score, Enter X5 or what the player most likely would have scored on that hole (Ex: X5, X6, etc). We will post that X# as the Adjusted Gross Score for that hole.

If a hole is left **blank**, the system will calculate the Adjusted Gross Score for posting purposes as Net Par for that hole.

Step 5: Once done entering scores, ensure the round is set to “Completed” status. This may start the scoring process for the leaderboard. If already set to “Completed”, click Display Leaderboard.

Step 6: When finished, you'll see the leaderboard. Here you can open up the Team Points Summary and the tournament results set up in this round.

Example: Four-Ball Tournament
